

**Raanan Horowitz**

*President and Chief Executive Officer*

Raanan Horowitz is President and Chief Executive Officer of Elbit Systems of America, LLC, a leading provider of high performance products and systems solutions for the defense, homeland security, commercial aviation, and medical instrumentation markets. Elbit Systems of America is a wholly owned subsidiary of Elbit Systems Ltd., a global source of innovative, technology-based systems for diverse defense and commercial applications with more than 12,000 employees in 13 countries.

Mr. Horowitz was named Elbit Systems of America's President and CEO in 2007, after serving as Executive Vice President and General Manager of EFW, Inc. In his current role, he leads the strategic and operational direction of the company, and he serves as a member of its Board of Directors. In 2014 and 2015, The Ethisphere Institute named Elbit Systems of America a "World's Most Ethical Company," one of only two Aerospace and Defense companies worldwide to earn this distinction.

Mr. Horowitz has been instrumental in leading Elbit Systems of America's organic growth and strategic acquisitions, resulting in its evolution as a leader in enhancing lethality, survivability and combat readiness for the defense industry. Its commercial aviation division is pioneering global changes in aviation safety by providing low visibility solutions for commercial airlines, cargo carriers, and business jet operators. For more than 35 years, its medical instrumentation division has been providing engineering and design services and advanced manufacturing capabilities to bring life science instruments to the market. Today, Elbit Systems of America operates in five major geographical location in the U.S., including Texas, New Hampshire, Virginia, Alabama, and Florida.

Mr. Horowitz is active in the defense and aerospace industry. He serves on the Board of Governors of the Aerospace Industry Association, the Board of Directors for the National Defense Industrial Association, and he is a member of Business Executives for National Security. Previously, he served as a member of the U.S. Army Science Board. Mr. Horowitz is also a member of the National Board of Directors for one of the nation's largest volunteer health organizations, the Leukemia & Lymphoma Society, and he is the Chairman of the Texas Israel Science and Education Foundation.

Mr. Horowitz earned a Master of Business Administration degree from the Seidman School of Business at Grand Valley State University in Allendale, Michigan. He was also awarded a Master of Science degree in Electrical Engineering and a Bachelor of Science degree in Mechanical Engineering from Tel-Aviv University in Israel.
