Event Details:

Written in 2018, the National Defense Strategy lists several challenges we are facing coming from “strategic atrophy” and an eroding “competitive military advantage.” The strategy is calling for “A more lethal, resilient, and rapidly innovating Joint Force,” to meet these needs. It’s imperative that we face these challenges head on in order to “Implement the Strategy.” The strategy calls for “creative approaches...sustained investment...execution...that can compete, deter, and win, in this increasingly complex security environment.” The goal of this event is to discuss what this means to those of us in the industry that want to meet this challenge and continue to make this the greatest nation on earth!

This event will feature a panel, speaker, and dinner.

Current guests include: MG Patrick Burden, Director for Combat Systems, Army Futures Command; Col (ret) Wes Hallman (SVP of Policy at NDIA); Clif Colbert, Defense Innovation Unit; Dr. Scott Fish (DARPA, former Chief Scientist Army ASA ALT); Eric Frahm (AFWERX); Vince Tobin (EVP Military Business at Bell); Howard Bromberg, VP at Lockheed MFC; Steve Roemer, Chairman/CEO Lone Star Analysis; Mike Thornton (MOH, SEAL).

NDIA Lone Star - a "Model Chapter" from 2014-2018
A 2018 "Chapter of Excellence"
(Dallas/Fort Worth Region and surrounding areas)
"Strength through Industry and Technology"
<http://ndialonestar.org>

The NDIA Lone Star Chapter is one of the largest chapters in the country with member numbers ranging around 2000 members, including from all the areas major contractors such as Lockheed, Raytheon, Bell, L-3Harris and the Government with many bases in the local region and representation on key Congressional Committees by our local members of Congress, which is one of the highest such concentrations in the country. We are blessed to be in a region so active with Defense Industry (and Government) activity. Help us help you get more involved, benefit your career, and make a very positive contribution to our nation's security as well as the world's.
