Steve Roerman Honored by NDIA at National Event

Our very own Steve Roerman was recently honored at a national luncheon in DC by NDIA. He was awarded the prestigious Kathleen P. Sridhar Small Business Executive of the Year Award!! This is a very big deal and continues to highlight the strength of the industry in our region and our great Corporate Members, especially Steve Roerman and the folks at Lone Star Analysis.

Implementing the National Defense Strategy was a Huge Success!

We heard from Major General Patrick Burden, the keynote speaker and Mike Thornton, SEAL and Medal of Honor recipient was our honored guest.

We had two great panels. Photos below.

We had 40 at the VIP Panel and 70 at the dinner!

We raised \$3000 for the Michael E Thornton Foundation!! To give more, please go here:

Event details are here: <http://ndialonestar.org/events/implementing-the-strategy-hosted-by-ndia-in-dfw/>

In addition to being a Model Chapter, this year, we made Chapter of Excellence!

Chapter of Excellence has even higher standards than Model Chapter. This year, we achieved that highest mark, and we continue to grow our impact in our local community and the defense industry. Come be a part of our team! There are plenty of ways to get involved!

Special Thanks to General Carlisle (ret) and the NDIA National Team for Your Support!

DCAA Training Coming in January!

The Lone Star Chapter of NDIA has an opportunity to work with DCAA (Defense Contracts Audit Agency) to provide members with a high quality training session taught by Joseph Greger, the Small Business Program Manager for DCAA. In his capacity at DCAA, Mr. Greger serves as the program manager and audit expert for the small business program with responsibility to provide assistance, consultation and internal control with regard to audit requirements (FAR, DFARS, CAS) and their application to small business.

Mr. Greger and DCAA can provide our members and their employees with prime and subcontractor training for Accounting System requirements, Proposal Adequacy, Contract briefs, Incurred Cost Proposals and much more.

This training can be invaluable to any of our members that currently perform on government contracts or those small business that are considering federal contract awards.

In the link [here](#):

http://ndialonestar.org/wp-content/uploads/2019/02/DCAA-Small-Business-Presentation-Descriptions_2-pages.pdf

you will find detailed descriptions of the sessions that Mr. Gregor is offering. We would also ask our membership to take a few minutes and provide us with valuable feedback to assist us in planning this training session:

Which topics would you be most interested in?

How many people at your company or your subcontractors might be interested in attending?

How much would you be willing to pay for this training?

For Details or to provide feedback, please contact Jared Febroriello jaredfebb@jpfsecurities.com or Victor Fishman vaf3psu@gmail.com.

Defense Growth in Austin

With DIU, AFWERX, and Army Futures Command, Austin has become a much more important defense city. Therefore the Lone Star Chapter is helping to start up an NDIA chapter in Austin!

John Thane is our chapter contact as he just moved in that area (learn more about John on our board page).

This will no doubt benefit our local chapter with more resources and we'll be able to help Austin get going. If you are in the area and/or would like to help, send an email to mpdietz@hotmail.com and copy 'jmthane@msn.com'.

NDIA Lone Star - a "Model Chapter" from 2014-2018

A 2018 "Chapter of Excellence"

(Dallas/Fort Worth Region and surrounding areas)

"Strength through Industry and Technology"

<http://ndialonestar.org>

The NDIA Lone Star Chapter is one of the largest chapters in the country with member numbers ranging around 2000 members, including from all the areas major contractors such as Lockheed, Raytheon, Bell, L-3 and the Government with many bases in the local region and representation on key Congressional Committees by our local members of Congress, which is one of the highest such concentrations in the country. We are blessed to be in a region so active with Defense Industry (and Government) activity. Help us help you get more involved, benefit your career, and make a very positive contribution to our nation's security as well as the world's.
