

Regan Edens

Chief Transformation Officer, DTC Global

Director, Board of Directors

CMMC Accreditation Body

Chairman, Standards Management Committee

Vice Chairman, Training Committee

Regan Edens, Chief Transformation & Compliance Officer and Co-Founder of DTC Global. DTC Global provides digital transformation and compliance turn-key solutions for large defense contractor ecosystems, small and mid-size businesses, and tier suppliers. Mr. Edens is a subject matter expert regarding technology, security, and transformation challenges on the “path to compliance” for Controlled Unclassified Information and DFARS 7012/CMMC requirements including Export Controlled information CUI requirements under ITAR and EAR.

Mr. Edens has served across various public and private capacities leading highly technical, complex, and extremely demanding DoD technology-driven transformation, operations, security, and intelligence activities. Mr. Edens has led the rapid implementation of over \$3.5B integrated platforms systems. Mr. Edens is a plank holder member of the National Cyber Moonshot.

Mr. Edens led high performing organizations within the Special Operations and Intelligence communities during multiple deployments to Afghanistan and Iraq as a senior DoD Intelligence civilian, DoD contractor, and a US Army, active duty, Commissioned Officer. Under his leadership, activities were awarded 4 Defense Superior Civilian Service Awards (3rd highest award to a DoD Intel civilian) 2012; 14 Bronze Stars, 12 Army Commendation Medals, and 6 Army Achievement Medals, 2002, and other various agency commendations.
