

Eli Javanmardi

Vice President, Supply Chain
Bell, Textron Inc.

Eli Javanmardi currently works as vice president of Supply Chain at Bell. In this role, he leads the Global Procurement team to develop agile and rapid systems, as well as processes and partnerships with high performing suppliers to execute a lean, reliable and on-time supply chain.

In his previous role as H-1 Program Manager, Eli led a team of more than 100 individuals, supervising the program's cost, schedule and technical performance. He was also instrumental in providing executive direction and oversight for the H-1 program, which was comprised of members within the Integrated Product Team (IPT) including engineering, logistics/sustainment, supply chain, contracts, finance, quality and production.

Eli began his career at Bell in 2011 supporting the V-22 Program as a supervisor for IPT Engineering and later was promoted to chief, Aircraft Structures Design. Prior to joining Bell, he worked in various aerospace and engineering roles for Sikorsky Aircraft Corporation and Lockheed Martin.

Eli holds a bachelor's degree in Mechanical Engineering from the University of New Orleans and a master's degree in Engineering Management from Southern Methodist University. He currently resides in the Keller, Texas area with his wife, Brooke, and their five children.

ABOUT BELL

Thinking above and beyond is what we do. For more than 80 years, we've been reimagining the experience of flight – and where it can take us.

We are pioneers. We were the first to break the sound barrier and to certify a commercial helicopter. We were aboard NASA's first lunar mission and brought advanced tiltrotor systems to market. Today, we're defining the future of on-demand mobility.

Headquartered in Fort Worth, Texas – as a wholly-owned subsidiary of Textron Inc., – we have strategic locations around the globe. And with nearly one quarter of our workforce having served, helping our military achieve their missions is a passion of ours.

Above all, our breakthrough innovations deliver exceptional experiences to our customers. Efficiently. Reliably. And always, with safety at the forefront.
